1	PUBLIC HEARING PURSUANT TO
2	SECTION 859-a OF
3	THE GENERAL MUNICIPAL LAW
4	
5	IN THE MATTER OF:
6	Agency: Allegany County Industrial Development
7	Agency (the "Agency")
8	
9	Project Beneficiary: NSF Burns Site 2, LLC (the
10	"Company")
11	
12	Project Location: Burns, Allegany County,
13	New York
14	
15	
16	Hearing Date: May 25, 2023
17	Hearing Time: 7:15 p.m.
18	Hearing Location: Town of Burns Town Hall
19	10 Main Street
20	Village of Canaseraga
21	Town of Burns
22	Allegany County, New York
23	

1	ATTENDEES:
2	CRAIG R. CLARK, PE, PHD, Executive Director to
3	Allegany County Industrial Development Agency
4	
5	Brian and Ruth Bancroft, Sheep farmers

DR. CLARK: The next public hearing is for NSF Site 2, LLC, in the Burns of Allegany County, New York and that's to start now at 7:15 o'clock, May 25th, at the Town of Burns Hall, again, in Main Street at the Village of Canaseraga in the Town of Burns.

Again, my name is Craig Clark and

I'm the Executive Director to the Allegany

County Industrial Development Agency in

connection with the project, which is the

subject of this project -- public hearing.

Today I'm holding a public hearing to allow citizens to make a statement for the record involvement of the Agency with a project -- of the proposed project for the benefit of NFS Burns Site 2, LLC, a New York State Limited Liability Company.

The proposed project consists of the following: The acquisition of interest in a portion of approximately 163.53 acres, consisting of two parcels of land located at 1132 State Route 70 and County Route

13A in the Town of Burns in Allegany
County, New York collectively called "the land".

The construction of the land of a ground-mounted photovoltaic 5 megawatts solar energy facility includes panels, racking, inverters, electrical cables, battery storage, grid interconnection, site preparation, access roads, and any other required improvements. All said improvements being collectively referred to as the "facility," and the acquisition and the installation thereof of related fixtures, machinery, equipment, and other personal property. All foregoing to constitute a solar electric energy generated facility to be owned and operated by the Company.

The granting of certain financial assistance within the meaning of Section 854-14 of the Act with respect to the foregoing project including potential exemptions from certain sales tax uses,

real property taxes, and real estate transfer taxes and mortgage recording taxes, collectively called "financial assistance."

I intend to provide general information on the Agency's general authority and public purpose to provide assistance to the proposed project.

Before discussing the general information opening the public hearing, I'd like to first describe brief details of the project.

The overall construction cost of the project is approximately \$8.7 million and the estimated cost of the proposed financial assistance of the project are equal to approximately \$401,907. And the estimated benefits being considered by the Agency are described briefly as follows: Hello.

MS. BANCROFT: I'm sorry.

DR. CLARK: No. We're good. I'm just going through the -- we can talk as

1	soon as I read through all this, okay?
2	MS. BANCROFT: Okay.
3	MS. FREINER: This is a public
4	hearing.
5	MS. BANCROFT: Pardon?
6	MS. FREINER: This is a public
7	hearing.
8	MS. BANCROFT: For the solar?
9	DR. CLARK: Yes.
10	MS. BANCROFT: Okay. All right. I
11	wasn't sure because there's nobody here.
12	DR. CLARK: You'll be our you are
13	now.
14	MS. BANCROFT: Yeah.
15	DR. CLARK: We're good.
16	MS. BANCROFT: Yeah. Thank you.
17	MS. FREINER: Have a seat.
18	DR. CLARK: I'll now answer any
19	questions. The sales tax exemption is
20	going to be about \$222,000, mortgage
21	recording tax exemption about 109,000, and
22	real property tax exemption of \$69,000.
23	The provisions of Chapter 1030 of Laws of

1969 of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the consolidated Laws of New York amended, in the Chapter 99 of the 1973 Laws of the State of New York, as amended, and codified as Section 906-a of said General Municipal Law, authorizing the Agency to promote and develop, encourage, and assist in the acquiring, constructing, reconstructing, and improving, maintaining, equipping, and finishing of manufacturing, warehousing, research, commercial, and industrial facilities.

The purpose of this public hearing is pursuant to the Section 859-a of the General Municipal Law any project of more than \$100,000 to any project, the Agency, among other things, must hold a public hearing. It's financial assistance to be provided by the Agency with respect to the proposed project may exceed \$100,000 then prior to providing any financial

assistance, you must have a public hearing at the location of the project facility and that's why we're in the Town of Burns.

After consideration of the application received from the Company, the members of the Agency adopted a resolution on April 27th, 2023, authorizing the Executive Director to hold this public hearing and the Executive Director of the Agency caused notice of public hearing to be mailed May 12th to the Chief Executive Officers of the Allegany County, the Town of Burns, the Canaseraga School District and it was also published on May 14th of the "Spectator."

Copies of the public hearing are available on the table here and you have a copy, and unless you object, I'm not going to read the full notice of the public hearing.

MS. FREINER: I demand.

DR. CLARK: Now, be nice. The comments received today at the public

hearing will be presented to the members of the Agency at or prior to the meeting at which the members of the Agency will consider whether to approve the undertaking of the proposed projects.

The notice of the public hearing indicated that written comments could be addressed to myself, Craig R. Clark, Executive Director of the Agency, and no written comments have been received today. I'll open this public hearing at 7:20, and by the way of the operating rules, if you wish to make a public comment, just let me know and unless there's some objection or more people show up, you'll have as much time as you want, but typically we try to keep comments to about three minutes.

I will now ask if there is anyone in attendance who wishes to comment on either the nature of the location of the project, of the proposed financial assistance being contemplated by the Agency, and for the record please state your name and indicate

1	your comments, so we'll record them and
2	put them in the record. So after that, we
3	are more than willing to discuss this
4	is on NSF 2, I'm holding four public
5	hearings. They're all similar projects,
6	so I have to read the same thing four
7	times before the public if that's okay.
8	So anyways, you are more than
9	welcome to ask questions, most of the
10	questions I would be asking about are the
11	financial assistance that the Agency is
12	giving, but if there are questions, please
13	ask them.
14	MR. BANCROFT: Yeah. So the only
15	question I've have, I talked to a
16	gentleman
17	DR. CLARK: Can you tell me your
18	name?
19	MR. BANCROFT: Brian Bancroft.
20	DR. CLARK: Brian Bancroft?
21	MR. BANCROFT: Yes.
22	DR. CLARK: It will be recorded, but
23	I will write it down, too.

1	MR. BANCROFT: Okay. Last year, I
2	talked to the gentleman about the project
3	down here about pasturing the sheep on it.
4	That's the main thing I am concerned with.
5	DR. CLARK: It's about?
6	MR. BANCROFT: Pasturing the sheep
7	are on.
8	MS. BANCROFT: Pasturing the sheep.
9	DR. CLARK: Oh, the pasturing the
10	sheep. Have they talked to you about
11	that?
12	MS. BANCROFT: That's the EDS site?
13	We're up here on this site.
14	MS. FREINER: Do you want
15	MR. BANCROFT: Yeah. I don't care
16	where they're going.
17	MS. BANCROFT: We don't care, we'll
18	take them.
19	MS. FREINER: Okay.
20	MS. BANCROFT: Okay.
21	MR. BANCROFT: Yeah. They did put
22	something in the paper for the one over
23	here.

1	MS. FREINER: They did.
2	MR. BANCROFT: Yeah. I know they're
3	going to have one here. They've got one
4	down the road all ready, that's a
5	different company, I think.
6	MS. BANCROFT: Yeah. That would
7	be
8	MS. FREINER: This is Norbut Solar
9	Farms and you'll see NS NSF in
10	the
11	DR. CLARK: The company name is NSF
12	as far as who's holding the title but
13	MS. BANCROFT: Yes.
14	DR. CLARK: Norbut Solar is the
15	one who is putting in these project.
16	MS. FREINER: Yes. And Victor
17	Ciaccia and I think he would be the person
18	that we can contact if you're interested
19	in putting sheep up here. This going
20	to go faster.
21	MR. BANCROFT: Yeah. There's really
22	no sense in putting them back here.
23	DR. CLARK: I think the record said

1	we can connect you with them to make sure.
2	MS. FREINER: Yes.
3	DR. CLARK: Because I think
4	MS. BANCROFT: Are there other solar
5	fields that would require
6	DR. CLARK: Actually, NSF has
7	another 20 megawatts down in Angelica.
8	MR. BANCROFT: On the old golf
9	course.
10	DR. CLARK: On the old golf course,
11	so, yep, they already have 20 megawatts
12	running, so that's the same purpose. We
13	can talk more about that one.
14	MS. BANCROFT: No. That's the is
15	that you're you're affiliated with
16	them.
17	DR. CLARK: No. I'm I'm from the
18	IDA.
19	MR. BANCROFT: Yeah.
20	DR. CLARK: I run the Allegany
21	County IDA who was
22	MS. BANCROFT: oh, okay.
23	DR. CLARK: their just we're

1	just supporting the project by giving them
2	benefits.
3	MS. BANCROFT: Okay.
4	DR. CLARK: And we only do that when
5	the benefits the town agrees that this
6	is a project that the town has agreed too,
7	but no, I'm not the developer.
8	MS. BANCROFT: Oh, okay.
9	DR. CLARK: The developer actually
10	isn't here tonight.
11	MS. BANCROFT: Okay.
12	DR. CLARK: That's why I said we can
13	connect you with the developers.
14	MS. BANCROFT: Okay.
15	MR. BANCROFT: Yeah, and
16	that that's who I need it like I
17	said I talked with a gentleman who was
18	going to they were going to do the one
19	over here
20	DR. CLARK: The large one.
21	MR. BANCROFT: and here.
22	DR. CLARK: Right.
23	MS. FREINER: Yes.

1	MR. BANCROFT: And then supposedly
2	their doing one around
3	DR. CLARK: Yes. That's correct.
4	MS. FREINER: Yes.
5	MR. BANCROFT: And
6	DR. CLARK: Because they only do
7	large projects.
8	MR. BANCROFT: and he had talked
9	to me about both of them.
10	MS. FREINER: Yes.
11	MR. BANCROFT: And then I heard that
12	the projects are down here on 70 now.
13	DR. CLARK: Okay.
14	MR. BANCROFT: The last year they
15	mowed them, people gave them crap over
16	that because they mowed it, you know, if
17	you are going to have something green, you
18	know, you got to kind of have something
19	green to mow with.
20	DR. CLARK: Right.
21	MR. BANCROFT: So
22	MS. BANCROFT: I don't understand
23	why he has to be a zero

1	DR. CLARK: I'm sure he would be
2	interested in talking to you because
3	MR. BANCROFT: Yeah.
4	MS. BANCROFT: We we
5	DR. CLARK: having the sheep on
6	the site is to their benefit as well as to
7	yours because then then they don't have
8	to mow it.
9	MR. BANCROFT: Yeah. They don't
10	have to mow it.
11	MS. FREINER: And can I have you
12	DR. CLARK: Write down your contact.
13	MS. FREINER: I know where you
14	live, but if you could put down your phone
15	number, where we can have them contact
16	you, that would be great.
17	DR. CLARK: Yeah. The easiest thing
18	to do is having him work with us and the
19	County.
20	MS. FREINER: Yeah. Yeah.
21	We we we would like to see sheep.
22	That's a good thing. That's a good site.
23	DR. CLARK: And your name is?

1	MS. BANCROFT: Ruth.
2	DR. CLARK: Ruth?
3	MS. BANCROFT: I'm his wife.
4	DR. CLARK: We just want to make
5	sure who was in attendance that's all.
6	MS. BANCROFT: Well, if you guys for
7	sure are going to be here, we have
8	DR. CLARK: Does she have to go next
9	door for that.
10	MS. BANCROFT: Thank you very much.
11	MR. BANCROFT: No. Thank you.
12	MS. FREINER: Yeah.
13	DR. CLARK: So whenever we
14	give we don't give them any money, but
15	basically give them benefits and so what
16	the benefits are is we give them they
17	get some sales tax benefits, they get some
18	mortgage tax benefit, you know, if they
19	want to buy property, and then they get
20	some property tax benefits.
21	MS. BANCROFT: How long do those
22	last? Are they a permanent thing
23	DR. CLARK: No.

1	MS. BANCROFT: as long as the
2	solar field is there or is it
3	DR. CLARK: They're
4	they're right now this is a 15-year,
5	right?
6	MS. FREINER: Yeah.
7	DR. CLARK: I think it's 15, we have
8	some that go as long as 25.
9	MS. BANCROFT: Okay.
10	DR. CLARK: So 15 years, but what
11	happens, just so you know, the land will
12	be fully taxed. So there's no loss of tax
13	revenue to the town
14	MS. BANCROFT: Right.
15	DR. CLARK: or the County or
16	anybody. In fact, it should go up because
17	they have to pay full taxes, they have a
18	AG district benefit, they lose that.
19	MR. BANCROFT: Yeah. It it would
20	be considered commercial property.
21	DR. CLARK: Right. So basically,
22	the tax the taxes will go up and then
23	there's a negotiated payment that they

1	
1	give the town, and they give to the
2	County, but so really the benefit is
3	everyone gets more money not less money.
4	The one argument sometimes is that they
5	don't get as much, but they still they
6	wouldn't have built it otherwise.
7	MS. BANCROFT: Right.
8	MS. FREINER: Yeah. There has to be
9	a benefit for them, too.
10	MS. BANCROFT: Now, does any of the
11	energy that's generated, does that stay
12	here or does it
13	DR. CLARK: That goes into the grid.
14	MS. BANCROFT: It goes just into the
15	grid.
16	DR. CLARK: So obviously, you won't
17	be using it, but you wouldn't know it
18	because, you know
19	MS. BANCROFT: Right.
20	DR. CLARK: just like with
21	any any power, it goes to the closest
22	place first.
23	MR. BANCROFT: Technically, we would

1	be using
2	DR. CLARK: Correct.
3	MR. BANCROFT: (Inaudible).
4	DR. CLARK: Yeah. That too if
5	you're green, you're already on it.
6	MR. BANCROFT: I I don't mean to
7	brag, but ten years ago we signed up for a
8	hundred percent green.
9	DR. CLARK: Right.
10	MR. BANCROFT: So it costs me
11	MS. BANCROFT: Well, at the time I
12	was like
13	DR. CLARK: But now it costs
14	you if you signed up now, it should
15	cost you less, you'd get about 10
16	percent
17	MR. BANCROFT: Yeah. I don't know
18	with the electric company, because they're
19	like oh, you've been signed up for so long
20	you were supposed to be getting it
21	MS. BANCROFT: Yeah. Our credit to
22	our account was supposed to be credited.
23	We never got anything until it shut off

1	notice a week ago so it's like
2	DR. CLARK: Yeah. The electric
3	company
4	MS. BANCROFT: What is going on with
5	them?
6	MR. BANCROFT: They they, like
7	don't send any bills.
8	DR. CLARK: Okay.
9	MS. BANCROFT: Yeah.
10	MR. BANCROFT: But anyway, I I
11	signed up for the hundred percent green
12	electric
13	DR. CLARK: Right.
14	MR. BANCROFT: back then, and
15	technically, I according to the
16	electric company everything goes into the
17	grid
18	DR. CLARK: Right.
19	MR. BANCROFT: and then, you
20	know, my portion of the electric
21	supposedly comes from the grid, you
22	know
23	DR. CLARK: Right.

1	MR. BANCROFT: the outright
2	grid
3	DR. CLARK: Sure.
4	MR. BANCROFT: it's a hundred
5	percent, but anyway. And part of my deal
6	was years ago, when they first came in
7	with the solar thing in the window, in
8	particular, people complained about them,
9	and they're like, oh, my god, and I was
10	like, well, actually I think there are a
11	good thing. So if I got to be willing
12	to back it up a little bit, you know, what
13	I mean, if I'm saying it's a good thing I
14	got to put the money into it.
15	DR. CLARK: Are there any other
16	comments on the project itself?
17	MS. BANCROFT: No.
18	MR. BANCROFT: No. I don't think
19	so.
20	DR. CLARK: Okay.
21	MR. BANCROFT: Other than, how far
22	back does it all go, is it all
23	MS. FREINER: There's a map over

1	there.
2	DR. CLARK: There's a map over
3	there, all right.
4	MS. FREINER: It's right here. It
5	goes
6	MR. BANCROFT: Okay. Okay.
7	MS. BANCROFT: and it
8	goes look, all the (inaudible)
9	MR. BANCROFT: Yeah. Like all the
10	open farmland.
11	MS. BANCROFT: Yeah.
12	MR. BANCROFT: Okay.
13	MS. FREINER: Yeah. They're going
14	to take down some trees, too.
15	MS. BANCROFT: This is something
16	that concerns me, now is the loss of the
17	arable farmland.
18	MS. FREINER: That's
19	bad that's that's the place where
20	that should go. That is not good farmland
21	and a lot of it is very wet.
22	MS. BANCROFT: Okay. Yeah. Jim has
23	farmed that, I think Jeremy tried to farm

1	it, it's
2	MR. BANCROFT: Yeah. It's hay
3	ground at best.
4	MS. FREINER: Yeah. You've probably
5	been up there?
6	MR. BANCROFT: Years and years ago,
7	I think my my cousin Eddie and my Uncle
8	Roy bailed some hay out there.
9	MS. FREINER: Okay. Yep.
10	MR. BANCROFT: I went up to help
11	them get some hay up there.
12	MS. FREINER: Yeah.
13	MR. BANCROFT: Like I said it's hay,
14	
	but it's probably hay ground at best.
15	MS. FREINER: Yeah. And you're
16	right. And it is very wet.
17	MR. BANCROFT: Yeah.
18	MS. BANCROFT: It probably needs to
19	be drained or
20	MR. BANCROFT: Yeah. Yes. It got
21	to be if they were really that super
22	interested in farming, we would have to
23	(inaudible)

1	MS. FREINER: You would.
2	MR. BANCROFT: and stuff, you
3	know, but
4	MS. FREINER: Yeah. You would have
5	to put a lot of money into it, too.
6	MR. BANCROFT: It would but once
7	the solar unit are backing it, that would
8	be perfect place to pasture.
9	MS. FREINER: It would.
10	DR. CLARK: Certainly
11	MS. BANCROFT: But that that
12	would be that is the ideal place to put
13	it. If it's going to go on farmland
14	that's the place to put it.
15	MR. BANCROFT: Yeah. Yes. Like the
16	one down here that's my only complaint
17	about that one is they that is pretty
18	decent farmland down here that their
19	covering, but it is what it is.
20	MS. FREINER: It is what it is.
21	MR. BANCROFT: Yep. I mean, you
22	know, if their going
23	DR. CLARK: Well, if there's no

1	other comments
2	MR. BANCROFT: Yeah. I know.
3	DR. CLARK: I mean I can close
4	the public hearing. I got one more to do.
5	So if there's no other comments
6	about this particular public hearing,
7	we'll close this at 7:30 and we'll open
8	the next public hearing. Well, two more
9	to do.
10	MR. BANCROFT: Two more today?
11	DR. CLARK: There's more projects.
12	How they do these small winter or solar
13	projects, they do call them a small
14	project like what they are, they have to
15	be no bigger than 5 megawatts. So there's
16	actually three 5 megawatts and 3
17	megawatts, all all together there 18
18	megawatts, but they're four projects.
19	MR. BANCROFT: I get you.
20	(Whereupon, the hearing was concluded
21	at approximately 7:28 p.m.)
22	* * * *
23	

1	<u>CERTIFICATION</u>
